Dear Occupier(s),

Proposed parking controls in Brent Court car park, Broom Walk, Crossgates, Cutty's Lane (from Penn Road junction westwards to Silam Road junction including Cutty's Lane cul-de-sac), Fox Road, Garden Walk, Harrow Court car park, High Plash car park, Inskip Crescent, Penn Road, Plash Drive, and Silam Road.

During June and July 2026, households within the above areas were consulted to determine whether residents supported the introduction of resident parking permit controls.

A total of 310 residents replied to our parking survey, 222 households wanted the Council to formally propose a Residents Parking Permit scheme, 81 were against and seven did not answer the question. A clear majority of respondents (72%) supported the introduction of resident parking permit controls. Therefore, the Council is formally proposing the implementation of permit controls in several roads and Council car parks as shown on the enclosed plan TPE/03/25-3/BD1.

In the parking survey we asked residents if and what type of resident parking permit scheme the Council should implement to prevent non-resident parking. Their answers to the main questions are highlighted below.

Street	Responses	In favour of permits	Against permits	Proportion in favour	Not stated
Badgers Close	7	2	5	29%	0
Brent Court	28	24	1	86%	3

We are now formally proposing the introduction of resident permit parking controls in Broom Walk, Crossgates, Cutty's Lane (from Penn Road junction westwards to Silam Road junction including Cutty's Lane cul-de-sac), Fox Road, Garden Walk, Inskip Crescent, Penn Road, Plash Drive, Silam Road, and in garage parking areas and council owned hard stands accessed from those streets. The proposed controls would operate from 8am to 8pm, seven days a week (except Bank Holidays and Christmas Day), to help residents park near their homes. The areas affected are shown on the enclosed plan TPE/03/25-3/BD1. If the proposed scheme is implemented, the restrictions would not apply to privately owned land, including private driveways and garages.

Under the proposed scheme, only eligible residents would be able to obtain resident parking permits. Residents would also be able to purchase visitor parking vouchers and an annual visitor permit for their guests. The proposed permit charges are set out in Table 1 of this letter. Residents who hold a valid Blue Badge would be entitled to one resident parking permit free of charge for their own vehicle. Caring Visitor permits are available free of charge to eligible applicants and are valid for a period of two years.

Resident parking permit controls operating during the same hours are proposed for Brent Court, Harrow Court and High Plash car parks. Parking permits would only be available to residents of the associated development and their visitors. Accordingly, permits for Brent Court car park would be issued only to Brent Court residents and their visitors, permits for Harrow Court car park only to Harrow Court residents and their visitors, and permits for High Plash car park only to High Plash residents and their visitors.

More details of the proposed restrictions, together with full information on how the proposed permit scheme can be found on the Councils website https://www.stevenage.gov.uk/parking/traffic-regulation-orders/proposed-traffic-orders
Details can also be inspected in person at the Council offices. For general enquiries regarding these proposals, please contact the parking team via email at tro@stevenage.gov.uk or by telephone on (01438) 242 242.

Formal objections to the proposals, stating the grounds upon which they are made and the names and full address of the person making the objection must be **made in writing** to Stevenage Borough Council, at the address above or via email to tro@stevenage.gov.uk **before 6 December 2026**. Comments in support of the proposals will also be received during this time.
