

Petition: Telford Avenue – parking restrictions on the bend affecting Nos. 64 to 78

We the undersigned are against the imposition of parking restrictions on the above bend in Telford Avenue unless adequate alternative off-street parking is made available in the form of new parking bays as in the other areas around the surrounding roads.

Petition received: 2 March 2011

No. of signatures: 32

We will reply by: 17 March 2011

Response

The Strategic Director and Portfolio Holder for Economy, Enterprise and Transport have considered the Petition and confirmed that the objections put forward in the Petition should be considered by Members of the Highways Joint Member Panel. However, this can only be considered when the Council has published its intention to proceed with a parking restriction scheme for Chells and Manor, and at this stage the Council is yet to make a decision on this matter. Following the publishing of a public notice and at the end of that public notice period to receive objections, the objection raised in the Petition can be considered at a meeting of the Highways Joint Member Panel.
