

Local Lettings Policy

High Rise Flat Blocks

From 1 November 2023, only families with children over the age of eight will be offered accommodation above the 10th floor. The council will only offer accommodation on any floor up to, and including, the 10th floor for families with children under the age of eight.

This will apply to new applicants only and will not be applied retrospectively.

This decision takes into account the needs of families with young children whilst also making best use of larger properties on higher floors of flat blocks to meet demand.
