

## Appendix B – Schedule of minor changes proposed by the Council

The Council has proposed these minor changes, which do not affect the soundness of the local plan. These changes correct minor errors, provide necessary clarification, or update the Plan.

The changes below are expressed either in the conventional form of strikethrough for deletions and underlining for additions of text, or by specifying the change in words in italics.

The page numbers and paragraph numbering below refer to the submission local plan, and do not take account of the subsequent proposed deletion or addition of text.

30 and 31	Para 5.17, 5.18 and 5.20	<p><i>Removing capitalisation of Town Centre, to town centre.</i></p> <p><i>Para 5.17 – First, fourth, fifth and final sentences to read:</i>  Making better use of existing land in and around the Town Centre is another element of this Plan's employment strategy. This accords with Government planning guidance which directs intensive, trip- generating uses to the most accessible locations<sup>(17)</sup>. The demand for office space in central Stevenage is currently weak. This is because of the poor image of the Town Centre and lack of suitable premises. Our evidence base demonstrated that much of the office stock in the Town Centre was not fit for modern business<sup>(18)</sup>. These areas were deliberately excluded from our successful application for an exemption from office to residential permitted development rights in 2013. A number of large office blocks in and around the Town Centre have now secured 'prior approvals' and are delivering much-needed residential units.</p> <p><i>Para 5.18 – Final sentence:</i>  We will deliver new floorspace both within the current Leisure Park site and in the 'gateway' areas to the Town Centre adjacent to the remodelled train station.</p> <p><i>Para 5.20 – Final sentence:</i>  There are substantial opportunities to redevelop and intensify sites in this area towards the end of the plan period as regeneration benefits ripple out from the Town Centre.</p>
