

WFD Objectives

External Action ID	Waterbody Name	Description	Easting	Northing	Length (KM)	Site Allocation
2611	Stevenage Brook	Site visits to industrial estates to provide advice on pollution prevention and control - take action where required				
2699	Stevenage Brook	Fencing along channel at minimum of 5m from bank top, from Bragbury End to South Lodge downstream of Stevenage	526906	221278	2.51	HO4
2706	Stevenage Brook	Full restoration at Hertford Road	525693	221476	0.07	N/A
2707	Stevenage Brook	Bank reprofiling downstream of Stevenage	526427	221560	0.14	N/A
2708	Stevenage Brook	Bank reprofiling at Aston Bury	527512	221149	0.2	HO4
2709	Stevenage Brook	Full restoration at Aston Bury	527598	220943	0.22	
2710	Stevenage Brook	Channel narrowing or deflectors at Ashburnam	524731	222101	0.04	N/A
2711	Stevenage Brook	Channel narrowing by installing gravel deflectors, vegetation or similar at Kimbolton Crescent	524946	221758	0.07	N/A
2719	Stevenage Brook	Cease ploughing within 5m of the channel. Allow riparian vegetation to develop at Aston End Brook	527213	223896	2.53	N/A
2752	Stevenage Brook	Canopy management along the road and footpath at Langley Junction	524315	222498		N/A
2753	Stevenage Brook	Canopy management, alternating gravel bars at London Road	524334	222420		N/A

External Action ID	Waterbody Name	Description	Easting	Northing	Length (KM)	Site Allocation
2754	Stevenage Brook	Canopy management at London Road	524414	222338		N/A
2755	Stevenage Brook	Plant trees of regular spacing along sections where none present (terrestrial vegetation is very dense) at Aston End Brook	527219	223903	2.53	N/A
2756	Stevenage Brook	Plant trees of regular spacing along sections where none present (terrestrial vegetation is very dense) along Stevenage Brook	525762	221438	1.42	N/A
2782	Stevenage Brook	Fish easement at Stevenage Bragbury park Flow Gauging Station	527488	221164		HO4
384	Stevenage Brook	Work with Stevenage Borough council to develop a SUDS strategy and install SUDS to reduce sediment runoff to the river				
898	Stevenage Brook	Remeander and in-channel enhancements at Aston Valley FSA	526513	222302		N/A
899	Stevenage Brook	Planform restoration, education, introduce wetland grazing	527801	220745		
900	Stevenage Brook	Weir removal at Bragbury End	527097	221211		HO4
901	Stevenage Brook	Weir removal at South Lodge upstream of Watton at Stone	528801	220341		

External Action ID	Waterbody Name	Description	Easting	Northing	Length (KM)	Site Allocation
903	Stevenage Brook	Remeander and in-channel morphological enhancements at Wychdell	525773	221434	0.9	N/A
904	Stevenage Brook	Increase in-channel morphological diversity at Roebuck	524355	222444	0.5	N/A
905	Stevenage Brook	Planform restoration, urban suds, public realm improvements, education	524020	223796		N/A
907	Stevenage Brook	Carry out river surveys and get Water Company to do tracing on polluted outfalls+enforcement by local authorities				
39324	Stevenage Brook	An abstraction licence change in the Beane catchment to return water to the environment
