

**Stevenage Borough Council**

**Five Year Housing Land Supply**

**Addendum**

**May 2022**

# Table of Contents

- 1.0 Introduction..... 3
- 2.0 Housing Delivery Test Result ..... 4
- 3.0 Updating the Five Year Housing Supply..... 5
  
- Appendix 1 – Permissions Granted since 1 April 2021.....8

## 1.0 Introduction

- 1.1 This Five Year Housing Land Supply Addendum (May 2022) has been produced to provide a position with regards to Stevenage Borough Council's Five Year Housing Supply in light of the [Housing Delivery Test results](#) published by the Ministry of Housing, Communities and Local Government on 14 January 2022.
- 1.2 The Council previously published a [Five Year Housing Land Supply Position Statement](#) in August 2021 but the results of the Housing Delivery Tests dictate that changes are required in the way that the Council calculated its housing supply figure of 5.85yrs.
- 1.3 As will be explained in this update, Stevenage Borough Council can now demonstrate a Housing Supply of **5.91 years** for the period 1 April 2022 to 31 March 2027.
- 1.4 This will be the figure used in decision making until we next incorporate up to date commitment, commencement and completion data.
- 1.5 This update explains how the Council has calculated the figure of 5.91 years. It updates the figures in the August 2021 Position Statement in line with the Housing Delivery Test result and incorporates residential permissions that have been granted since 1 April 2021 to give a more up to date position.

### Housing Delivery Test 2021

On 14<sup>th</sup> January 2022, MHCLG published the 2021 Housing Delivery Test results.

For Stevenage, the results are included in Table 1:

ONS code	Area name	Number of homes required			Total number of homes required
		2018-19	2019-20	2020-21	
E07000243	Stevenage	381	348	253	982
Number of homes delivered			Total number of homes delivered	Housing Delivery Test: 2022 measurement	Housing Delivery Test: 2022 consequence
2018-19	2019-20	2020-21			
297	327	152	775	79%	Buffer

Table 1 - Stevenage's HDT 2021 Score

## 2.0 Housing Delivery Test Result

2.1 Stevenage Borough Council's results for the last three Housing Delivery Tests are as follows:

HDT	No. of homes required	No. of homes delivered	Score	Consequence
2019	1,120	1,262	113%	None
2020	1,094	702	64%	Presumption in favour of sustainable development
2021	1,347	755	79%	20% buffer and Action Plan

2.2 The consequences of the HDT results are based on the percentage score:

- >95% - no consequence
- <95% - LPA to prepare an action plan to increase housing supply
- <85% - LPA to include a 20% buffer in their 5yr housing supply calculations
- <75% - apply the presumption in favour of sustainable development

2.3 Therefore, as of the 2021 results (published January 2022) the Council must now:

- 1) prepare an Action Plan showing how it will increase housing supply,
- 2) include a 20% buffer in its 5yr housing supply calculations

2.4 This Addendum covers the second of these three consequences.

### 3.0 Updating the Five Year Housing Supply

3.1 In the August 2021 Position Statement, we stated that we had the following requirement for housing:

Annual Requirement	Annual Shortfall	Annual 20% buffer	Total Annual Requirement	Total 5 Year Requirement
380	154.4	106.88	641.28	<b>3,206</b>

3.2 Due to the Housing Delivery Test score, the 20% buffer must be applied so we now have the following housing requirement for the period 1 April 2022 to 31 March 2027:

Annual Requirement	Annual Shortfall	Annual 20% buffer	Total Annual Requirement	Total 5 Year Requirement
380	207.5	117.5	705	<b>3,525</b>

3.3 In the August 2021 Position Statement, we gave a breakdown of deliverable sites in line with the Part A and B of the definition in the NPPF. Since 1 April 2021, the Council has granted permission for a further 1098 houses (net) in line with Part A (see Appendix 1).

	Position Statement (August 2021)	Post-HDT Result Addendum (May 2022)
Total Number of Dwellings for Sites Under Construction	944	1,047
Total Number of Dwellings for Sites with Detailed Planning Permission	855	704
Total Number of Dwellings for Sites with Prior Notification	23	73
Total Number of Dwellings for Sites with Outline Permission	1,287	1,953
Total Number of Dwellings for other 'Deliverable' Sites	564	305

<b>Total Number of Dwellings for Windfall Sites</b>	<b>80</b>	<b>80</b>
<b>Total outstanding C2 developments</b>	<b>0</b>	<b>2</b>
<b>Total Identified Supply</b>	<b>3,753</b>	<b>4,164</b>

- 3.4 The Business and Planning Act 2020 temporarily modified the Town and Country Planning Act 1990 and the Planning (Listed Buildings and Conservation Areas) Act 1990 to enable certain planning permissions and listed building consents in England which lapsed or were due to lapse during 2020 to be extended. This meant that any permissions which expired or were due to expire between 19 August 2020 and 31 December 2020 were extended to 1 May 2021. As such, we do not have to subtract any houses from our number of sites with detailed planning permission to balance the permissions we have added to the supply.
- 3.5 As such, this Addendum updates our Five Year Housing Supply calculation as follows:

<b>Five Year Housing Supply Calculation</b>		<b>Position Statement (August 2021)</b>	<b>Post-HDT Result Addendum (May 2022)</b>
A.	Objectively Assessed Need (dwellings per year)	380	380
B.	Local Plan Period (Years)	20	20
C.	Adopted Housing Target 2011-2031 ( <b>A x B</b> )	7600	7600
D.	Completions 1 Apr 2011 – 31 Mar 2020	2,256	2,312
E.	Target 1 Apr 2011 – 31 Mar 2020	3,800	4,180
F.	Shortfall against target at 31 Mar 2020 ( <b>E – D</b> )	-1,544	-1,868
G.	Target 1 Apr 2020 – 31 Mar 2025	1,900	1,900
H.	Surplus / Shortfall to be delivered in 5yr period ( <b>F / 9 x 5</b> )	-772	-1038
I.	Buffer to be applied (5% / 20%)	<b>1.2</b>	<b>1.2</b>
J.	Total 5yr requirement ( <b>(G – H) x I</b> )	3,206	3,525
K.	Dwellings under construction	944	1,047
L.	Dwellings granted permission or prior approval	878	779
M.	Dwellings granted outline permission or subject to S106	1,287	1,953
N.	Other dwellings considered 'deliverable'	564	305

O.	Dwellings from Windfall sites	80	80
P.	Total deliverable dwellings (supply) 1 Apr 2020 – 31 Mar 2025 ( <b>K + L + M + N + O</b> )	3,753	4,164
Q.	Surplus of dwellings ( <b>P – J</b> )	547	639
R.	Total Years Housing Supply ( <b>(P / J) x 5</b> )	<b>5.64</b>	<b>5.91</b>

- 3.6 To conclude, using the Five Year Housing Land Supply Position Statement (August 2021) as a basis, and incorporating the changes explained in this Five Year Housing Land Supply Update Addendum (May 2022), the Council can demonstrate a Housing Land Supply of **5.91 years**.
